TB=Tall Bearded IB=Intermediate Bearded SDB=Standard Dwarf Bearded Re=Rebloomer

	<p>(Innerst, 1999) TB 36" Re Medium Yellow Comments: Big, Blocky & Ruffled Flowers are a major advance in rebloom breeding. May have more consistent rebloom in warmer Zone 7. Only a few to share. Price \$16.00 per 2 qt. pot.</p>
	<p>(Wilkerson, 2006) TB 28" Re Comments: Standards have white ground with subdued lavender edging. Falls feature white ground blushed yellow with purple band and center line. Better prospects for rebloom in Zone 7. Only a few to share. Price \$16.00 per 2 qt. pot.</p>
	<p>(Hager, 1992) TB 35" Re Comments: Pale lilac with yellow beards. West Coast origination gives spring, summer and fall flowering depending on clump size and weather conditions. "Tough as Nails". Price \$16.00 per 2 qt. pot.</p>
	<p>(Zurbrigg, 1979) SDB 10" Re Comments: Light yellow with white spot on falls. Cook-Douglas Medal winner. A solid performer in Zones 6 & 7. Only a few to share. Price: \$16.00 per 2 qt. pot.</p>
	<p>(D. Spoon, 2000) TB 35" Re Comments: Recent finalist for the prestigious Dykes Memorial Medal. Child of Clarence has purple standards with near white edge. Falls are purple with lighter veins and white edge. Outstanding flower form. Rebloom may be better in Zone 7. Only a few to share. Price: \$16.00 per 2 qt. pot.</p>
	<p>(Zurbrigg, 1984) TB 38" Re Comments: Popular Dresden yellow rebloomer. Consistent performance over the years. Only a few to share. Price: \$16.00 per 2 qt. pot.</p>
	<p>(Wilkerson, 2008) TB 35" Re Comments: This Kentucky release will be the "standard" for future rebloom selections. Another outstanding Clarence child with white standards. Falls are white with pale blue wash. A solid performer in Zone 6. Unlimited breeding potential. Only a few to share. Price: \$35.00 per 2 qt. pot.</p>
	<p>(Innerst, 2003) TB 36" Re Comments: A clean white self with marvelous wide petals and tons of bubble ruffles. The new "standard" in rebloom breeding. Excellent fall performance in Zone 6. Only a few to share. Price: \$20.00 per 2 qt. pot.</p>

	<p>(Tasco, 2003) IB 22" Re Comments: Another West Coast origination with proven mid-Atlantic track record. A rare neglecta median rebloomer features wisteria blue standards and dark violet falls. Tends to rebloom mid to late October in Zone 6. Longer fall bloom tendencies in Zone 7. Only a few to share. Price: \$20.00 per 2 qt. pot.</p>
	<p>(B. Miller, 1996) TB 36" Re Comments: The late Alabama breeder's best known red rebloomer. Tailored form is overcome with solid fall flowering tendencies. A cornerstone for future red rebloom development. Only a few to share. Price: \$20.00 per 2 qt. pot.</p>
	<p>(Innerst, 2000) TB 36" Re Comments: A subtle lavender placata with white ground. Results in recent years have been eye popping!! A pleasant surprise for Eastern rebloom advocates. Only a few to share. Price \$25.00 per 2 qt. pot.</p>
	<p>(Wilkerson, 2005) TB 30" Re Comments: A welcome plicata pattern for rebloom. Flowers have appealing greyed orange standards. Falls have white ground and beet root edging and gold overlay surrounding beard. Rebloom is mid to late October in Zone 6. Better results can be expected in Zone 7. Only a few to share Price: \$16.00 per 2 qt. pot.</p>
	<p>(D. Spoon, 2003) SDB 10" Re Comments: A mesmerizing median rebloomer developed in Northern Virginia. White standards have golden yellow base. White falls have distinctive red maroon spot edged golden yellow. October rebloom in Zone 6. This standard dwarf darling will be a strong future candidate for a Cook-Douglas Medal. Only a few to share. Price: \$25.00 per 2 qt. pot.</p>
	<p>(J. Paul Hill, 2004) SDB 14" Re Comments: An overlooked pink standard dwarf rebloomer. Beards are blue with tangerine in the throat. October rebloomer most years in Zone 6. A nice addition to the median rebloom family. Only a few to share. Price: \$20.00 per 2 qt. pot.</p>
